

HIGH SCHOOL APPRENTICESHIPS

DEADLINE TO APPLY:
MARCH 15, 2021

WHAT ARE YOU DOING THIS SUMMER?

Do something meaningful this summer to prepare you for competitive college admissions and the next step in your STEM journey.

YOU'LL GET TO...

- Work on cutting-edge research in a state-of-the-art facility
- Connect with professional and near-peer mentors
- Participate in webinars on topics relevant to exactly where you are in your STEM journey
- Earn a stipend
- Gain a competitive edge on your resume
- Learn about the culture of STEM and lab research

LOCATION INFORMATION:

South Dakota School of Mines and Tech

Projects available in:

- Earth Science (minerals)
- Metal testing and performance (materials)
- 3D Printing (manufacturing)
- Dark Matter Detection (physics)
- Polymer materials (chemistry)
