Substitute Bus Driver and Bus Aide Pay Increase

The Board of Education passed an increase in pay for substitute bus drivers and bus aides.

Substitute bus drivers have historically been paid at the Unassigned Bus Driver Step 3 wage, and substitute Bus Aides at the Step 3 wage. Substitute bus drivers and aides last had a wage increase on July 1, 2021. The District has continued to increase driver wages since that period. The proposal below maintains the pay scale in tandem with historical precedence. The total financial impact of this proposal is believed to be less than \$5,000. Substitute bus drivers pay has increased from \$18.19/hour to \$20.02/hour and substitute bus aides pay has increased from \$14.25/hour to \$15.82/hour
