

Course Description: This course focuses on the pathways and careers in the Human Services cluster. Students will identify and compare their personal attributes with careers in this cluster. It will also explore the professional behaviors, skills and abilities necessary for human services careers such as a teacher, coach, counselor, social worker, lawyer, police officer, member of the military, and many more community focused professions.

Attendance: Students are required to be in school every day. Students are responsible for communicating with their teachers to make up for missed learning.

Course Expectations: Although not everything is graded, everything is important. In order to demonstrate growth and learning, students will need to:

1. Participate in class activities (take notes, work in a group, complete in class tasks, ask questions) without distractions (cell phones, games, etc.)
2. Use morning time and teacher to seek help outside of class when needed.
3. Complete all assessments within teacher timelines.
4. Help create a safe environment through the respecting and building of relationships.
