

Psychology

Course Description: This is a quarter-long course in which we will be covering the science of Psychology. The goal of this course is for you to learn, analyze, and understand Psychology in accordance with South Dakota state standards.

Attendance: Students are required to be in school every day. Students are responsible for communicating with their teachers to make up missed learning.

Essential Skills: 1. Using the scientific method. 2. Understanding psychology and cognitive science fundamentals. 3. Research.

Course Expectations: Although not everything is graded, everything is important. In order to demonstrate growth and learning, students will need to:

1. Participate in class activities (take notes, work in a group, complete in-class tasks, ask questions) without distractions (cell phones, ear buds, games, etc.)
2. Use morning time and teacher to seek help outside of class when needed.
3. Complete all assessments within teacher timelines.
