

BOARD OF EDUCATION WRAP UP

October 3, 2023

RCAS Student Cadet Program Opportunity

Rapid City Area Schools has partnered with Rapid City Fire Department to provide opportunities for high school students interested in a career related to Fire and Emergency Medical Services. This program will give students insight into the careers with hands-on training and other valuable skills for pursuing a career in the field while also gaining school credit for participating.

Sharing the Success

The South Dakota State Library, an SD Department of Education division, formally recognized the 2023-26 awardees of the 21st Century School Library Award. Congrats, Shelly Rath (pictured) and Dan Conrad (West Middle School) and Jennifer Backhaus and Cher Daniel (Rapid Valley)

Agreement for Services with Monument Health

Rapid City Area Schools will work with Monument Health to provide staff with voluntary wellness screenings and flu shots. This is something the school district has offered to district staff, annually for over 20 years. The wellness clinics will be conveniently located in the district's buildings to increase accessibility for staff members. RCAS will cover costs of the flu shot and the wellness screening for each staff member, retiree, or spouse on the RCAS health plan.

COMING UP

October 10, 2023

Board of Education Study Session on Enrollment, Boundaries and Facilities
RCEC Room 202 @ 5:30 PM or Live on YouTube
