Boundary Update

A small area was overlooked after middle school boundaries were adjusted in December. This area had elementary students still going to Valley View, while middle school students in the area had been moved to South Middle School. Given the logistical challenges of having elementary students in this area going to a different part of town than middle school students, this elementary area needs to be revised. Following are the recommended revisions: Valley View to Robbinsdale. The area north of E St. Patrick Street is bordered by the East side of Elm Ave, north to E Quincy Street, then west to East Blvd, and continues from East Blvd North to the upper boundary of East Omaha Street. This continues down the west side of Campbell Street, going South until it meets with E St. Joseph Street, where it continues north to E St Patrick Street and back over to Elm Ave.

After being pulled for discussion, the Board of Education passed the suggested boundary change in the consent agenda.

March 12, 2024 Board of Education Study Session

The Board of Education Study Session on Strategic Planning and district scorecards will occur on March 12th. District Direction Leaders will discuss their pillars and the metrics used to monitor district implementation of the strategic plan. Join us for the session at the Rapid City Education Center (625 9th Street) at 5:30 PM.
