## Letter to Parents

Dear Parents,

The Rapid City Area Schools are committed to quality education. Communication is an important part of that commitment and certainly parents head the list of people with whom to communicate.

This handbook was written for parents by a team of administrators, teachers, parents and other representatives of the Rapid City Area Schools to provide you with a general overview of what is offered to students through the early years of their education. It is approved by the Board of Education and is considered policy. Occasionally it is necessary to update the handbook after it has been printed. If that occurs, pending Board of Education approval, corrections will be made within the online version.

We sincerely hope you find this handbook helpful. Our intent is to provide greater understanding of the educational experience and instruction your child receives in the Rapid City Schools and to focus on the important role of the parent.

This publication represents our commitment to the success of students within the district and the direct relationship of family involvement in the educational process leading to that success.

We encourage your communication at any time.

Sincerely,

The Rapid City Area Schools

  - a. Has met State qualification and licensing for the grade levels and subject areas in which the teacher provides instruction;

### **Title I Parent and Family Engagement:**

The RCAS district in collaboration with families, community members, teachers and administrators has developed a “*Family and Community Engagement (FACE) Plan*” which is annually reviewed and revised. The FACE plan is in alignment with the RCAS Strategic Plan. This plan can be found on the RCAS Federal Programs and Grants website and subsequent Title I school websites. Hard copies may be obtained at each Title I school building. The FACE plan explains how our district will support each school in their efforts to engage families, support student success, develop and maintain community partnerships and strengthen communication.

In addition, each Title I school has developed a school level plan that is revised annually as well as a school/parent compact which outlines how the school, parents, and students will share the responsibility for improved student achievement. All school FACE documents can be found on the individual Title I school’s website. Hard copies may be obtained at each Title I school building.

### **Title VI/Indian Education**

Through the Title VI Office, resources are provided that supplement the regular school program. This office organizes, staffs, and secures financing to ensure the implementation of programs that affect Indian children.

### **Transportation**

The school district’s policy is to provide bus transportation to elementary and middle school students who live more than 2½ miles from their assigned attendance center.

All transportation questions are to be referred to the building principal or to the office in charge of transportation. The telephone number to call is 605-355-3707. The same conduct which is expected of students in the classroom is expected on the bus. Parents will be notified should a problem exist that may require immediate action or student suspension from the bus.

If buses are unable to travel due to severe winter weather, announcements will be made on the local news outlets, the district’s website, and social media accounts.

All students with disabilities should be afforded the opportunity to take the district mandated tests with the accommodations set out in their Individual Education Plan (IEP). If a student's disability is of such that the district mandated test is not beneficial to the student educationally then an alternate assessment will be given to assess the student's individual learning.

\*State Mandated Assessments Revised: 11/15/21

## **Basic Instructional Program**

The curriculum of the District will encompass learning experiences to meet the needs, abilities, interests and emerging self-image of each pupil. The curriculum will be broad in scope and provide for a wide range in rate, readiness, and potential for learning through a balanced instructional program. The Board is committed to the importance of reading skill development as the basic element in each student's education. The Board recognizes that the improvement of specific reading skills of children should be continuous throughout their elementary education.

Therefore, the first priority of the elementary instructional program will be proficiency in reading through a planned sequence of reading skills and language experiences beginning in the kindergarten program.

The second priority of the instructional program will be each student's mastery of the fundamentals of mathematics beginning in the kindergarten program.

## **Curriculum Development**

The Rapid City Area School District curriculum development process is based upon a system of subject area and grade level advisory committees and summer curriculum development done by staff writing teams. The committee system is based upon K-12 representation for all areas and benefits from citizen input in the form of community advisory committees who meet and review the curriculum.

Curriculum development is regarded as an ongoing process in the Rapid City Area School District. The Board of Education supports the curriculum assessment and development process monetarily in terms of compensation for staff members and also in terms of textbook adoptions. The Board also provides support through the policy adoption process. All major curriculum projects are subject to Board review and approval.

The District's curricular program falls under the supervision of the Assistant Superintendent of Educational Services. The Rapid City School District maintains a strong program of curriculum and instruction through the support of the Board of Education and the participation of high-quality staff members.

Curriculum guides are available for review in the library, the principal's office in each building, and/or the District Office of Instructional Programs.

## **Field Trips**

[District Code: IICA](#)

The policy of the school district is to recognize the value of school sponsored field trips as part of the educational program. Generally, field trips are sanctioned if they have a specific educational value and are designed to enhance the curriculum. The board of education expects the school staff to take all reasonable and prudent steps to ensure the safety and educational welfare of participating students. Prior to a field trip, students should be made aware of the goals being sought and what their responsibilities are in attaining them. School vehicles or other approved transportation will be furnished for all approved field trips. On all school approved field trips provisions will be made for proper supervision by school employees and volunteers where applicable. Fees may be charged to students for field trips. See IIAC-P (procedure) for specific details regarding the process for field trips.

## **Standard-Based Report Card**

It is the philosophy of the Board that students will respond more positively to the opportunity for success than to the threat of failure. The district therefore shall seek in its instructional program to make achievement both recognizable and possible for all students. It shall emphasize achievement in its processes of evaluating student performance.

The format of the standard based report card defines standards for each grade and determines how well students are progressing, at a moment in time, to meet established end of grade level benchmarks.

Assessment and benchmarks will be based on many factors such as student performance levels, oral and written assignments, class participation, special assignments, and research activities.

The standard based report card benefits students and parents/guardians. It allows students to be more aware of what is expected of them. It provides parents with a more detailed outline of the expectations in each of the major academic areas.

The Rapid City Area Schools believes that your understanding of what is expected of your child and how well he or she is progressing towards the goals at his or her grade level is very important. We look forward to working together to provide your child with the knowledge and tools to be successful and to reach his or her fullest potential.

## **Books and Equipment**

The children of the Rapid City Schools are provided with the necessary books for their classes. Each child is responsible for the good care and return of the books and equipment that he/she receives from the school. Restitution for lost or damaged books or equipment is expected. This is true of textbooks as well as library books. Workbooks used in the classrooms are furnished and are to be handed in at the end of the school term. The district will dispose of these materials.

## **Homework**

The board of education believes that homework – as long as properly designed, carefully planned, and geared to the development of the individual student – meets real need and has a definite place in the educational program.

Time allotments to be considered when assigning homework maximum times:

Grades K-2	Not to exceed more than 3 hours per week	Consisting of: reading (being read to or reading themselves), Math, Supplemental activity to reinforce and review skills
Grades 3-5	Not to exceed more than 5 hours per week	Consisting of: Reading, Math, Supplemental activity to reinforce and review skills

In cooperation with the churches in the community, teachers are to avoid homework assignments on Wednesday evenings or before vacation periods, i.e., Thanksgiving, Christmas, or Easter. See policy: IKB & IKB-P

## Physical Education Letter

Dear Parents,

Your child is participating in a physical education class in the Rapid City Area School District. In a recent physical education and health education curriculum adoption, the school board adopted a comprehensive health-related physical fitness program based on the National Association for Sports and Physical Education's (NASPE's) health-related fitness standards and South Dakota State Physical Education and Health Standards.

Our physical education teachers have attended training and are using the Fitness Gram program as a part of their physical education classes at the following grade levels: fifth, seventh, and ninth. The purpose of this letter is to provide you with information about the Fitness Gram and to invite you to discuss it with your child and/or your child's physical education teacher.

Below you will find answers to questions that you may have about the Fitness Gram assessment:

What – Fitness Gram is a comprehensive health related fitness and activity assessment and computerized reporting system. Reports that can be shared with parents include the following: aerobic capacity, body composition, muscular strength, endurance, and flexibility.

How – Student height and weight are recorded and entered into the software along with data from physical activity. The software automatically produces a report for the student. Using the report and supported by the teacher, the student can set improvement goals. Future activity data can also be recorded, and new reports can be produced demonstrating student progress. Grades will not be affected by Fitness Gram scores, but each student will be expected to participate in the program.

Where – Weight information will be gathered and recorded in a private setting. Student progress will be discussed privately.

When – Assessments are given periodically so that the student can track their progress.

Why – Along with the state and national standards that support the importance of health and physical education we are faced with several youth health crises, specifically in the areas of diabetes and obesity. In addition, the current Every Student Succeed Act placed a significant emphasis on the importance of student achievement; we know that physical health and fitness impact our ability to maximize learning.

In closing, we are excited about the opportunity to help youth establish physical activity as a part of their daily lives. If you have any questions or concerns, please contact your child's physical education teacher.

Sincerely,

Asst. Superintendent of Educational Services

## **Student Wellness**

The Rapid City Area School District promotes healthy schools by supporting wellness, good nutrition, regular physical activity, mental health, and a healthy learning environment, as part of the total learning experience. A healthy, well-nourished and physically active child is more likely to be academically successful. For the complete Student Wellness Policy, refer to District Code EFBA.

RCAS asks that parents follow the guidance listed in the Temporary Exclusion from School Setting area when determining if your student is well enough to attend school.

### **Nutrition Education**

At each grade level, nutrition education shall be offered as part of a sequential, comprehensive, standards-based program designed to provide students with the knowledge and skills necessary to promote their health. The primary goals of nutrition education is to influence students' eating behaviors.

The Guidelines for Celebrations, Rewards and Incentives are:

- Schools limit celebrations that involve food during the school day or during school sponsored events. Each celebration should include no more than one food and beverage that does not meet the Standards for Foods and Beverages;
- Rewards and incentives shall be given careful consideration as to the messages they convey; and
- Only classroom treats that are commercially prepared will be allowed in classrooms.

Acceptable Healthy Foods, Snacks and Beverages are:

- Animal crackers, graham crackers, whole grain crackers;
- Fresh vegetables and fruit, single-serve canned fruit, dried fruit;
- Pretzels, fat-free popcorn, rice cakes, fruit and grain bars that do not contain nut products;
- Beef jerky, 95% fat free string cheese;
- Yogurt, preferably non-fat, low-fat, or light;
- Water, flavored milk, milk, non-fat or low fat (1%), juice-fruit and vegetable that contains 100% juice; and
- Non-carbonated drinks under 20 grams of carbohydrate per 8 ounce serving may be offered.

Vending machines: The product contents of student vending machines shall adhere to the Standards for Foods, Beverages and Content Guidelines. The sale of vending products shall not take place from one hour before and one hour after the breakfast and lunch service. The sale of food or beverages as a fundraiser shall not take place from one hour before and one hour after the breakfast and lunch service. It is critical that we ensure students with food or other allergies are not exposed to food products that are offered in school or at school sponsored activities. If products containing food allergens are provided during special school activities and celebrations that involve cultural exposure/experiences the food and/or beverages should be clearly marked as containing possible food allergens. Supervision of these products is required, and all surface areas must be thoroughly cleaned to ensure allergen residue is not left over from the product after being served.

### **Physical Activity**

The primary goal for the school's physical activity component is to provide opportunities for every student to develop the knowledge and skills for specific physical activities, maintain physical fitness, regularly participate in physical activity, and understand short and long-term benefits of a physically active and healthful lifestyle.

Physical education classes and physical activity opportunities shall be available for all students. Students shall not be denied physical education class time to complete academic assignments from other subject areas.

All elementary school students may have at least 20 minutes a day of supervised recess, preferably outdoors, during which students are encouraged to engage in moderate to vigorous physical activity. When feasible, recess shall occur prior to lunch to ensure appropriate healthful food intake.

## Student Mental Health

A student's social and emotional development is an essential support to school readiness and academic success. The Rapid City Area Schools will incorporate social and emotional development into its education program. Support services provided by school social workers, school psychologists, and school counselors will be available for students needing mental health support.

For more information on mental health providers in the Rapid City area, visit [www.helplinecenter.org](http://www.helplinecenter.org), dial 2-1-1, or text your zip code to 898211.

When a student is identified as a risk for suicide, a school-employed counselor, social worker, or psychologist will complete a screening for suicide risk and contact parents. School staff will collaborate with the family and other agencies, when appropriate, to establish a plan for safety. (District Code JHDA). (See District Code JHDA-P for additional information on suicide prevention procedures.)

## Handle With Care

Handle With Care is a program that enables local police to notify school districts when they encounter a child at a traumatic scene. This provides an opportunity for school personnel to implement trauma-informed practices while the student is at school and also provides an opportunity for students to be referred to appropriate supports within the school and community as needed. As we know, exposure to trauma can result in negative educational outcomes for youth. By supporting students exposed to trauma and making appropriate referrals to supports, we can assist in mitigating the long-term impacts of trauma and promote positive educational outcomes. To learn more about Handle With Care please click <https://rcas.org/our-district/federalprograms/handle-with-care/>.

## Health Procedures – Nursing Department

Registered nurses and/or designee with the Rapid City Area Public Schools provide health related services throughout the district. Services may include:

- Development of individualized emergency action plans and/or health care plans to meet the needs of students with health concerns medical procedures, and daily and/or emergency medication regimes.
- Coordination of health screenings which may include but are not limited to – vision, dental, height, weight, body mass index and blood pressure.
- Presentation of health education to students and staff.
- Assessment and monitoring of communicable disease.
- Enforcement of the state law and district policies regarding student's immunizations.

## Immunizations – Students

[District Code: JECF](#)

To comply with South Dakota State law, the following procedures have been developed:

1. All kindergarten students and students from outside the United States who enroll will have all age-appropriate immunizations completed before the first day of attendance.
2. Students in grades 1-12 entering the Rapid City Area Schools **PRIOR** to the last Friday of September will be allowed two (2) weeks from the last Friday in September to present verification of their completed immunizations or provide evidence that a medical treatment plan is in place. If the proper certification is not presented by the date indicating that the immunizations have been completed, or that there is a documented medical treatment plan in place, the student will be excluded from attendance until such requirements can be met or a re-entry plan can be made with the school nurse and principal.
3. Students in grades 1-12 entering the Rapid City Area Schools **AFTER** the last Friday of September will be allowed two (2) weeks from enrollment to present verification of their completed immunizations. If the proper certification is not presented by that date indicating that the immunizations have been completed, or evidence that a medical treatment plan is in place with the school, the student will be excluded from attendance until such requirements can be met or a re-entry plan can be made.

4. Interstate Compact of Educational Opportunity for Military Children Individuals serving in the United States Armed Forces may exercise their right to complete an Application for Transfer of Student Records and Enrollment with the military educational facility or school district in which they attended prior to the Rapid City Area Schools.

If you waive the South Dakota immunizations requirements, your child will be excluded from school for their protection in the event of an outbreak of diphtheria, pertussis, tetanus, polio, measles, mumps, rubella, or chicken pox. If there is medical exemption to the South Dakota immunization law, a South Dakota Department of Health Certificate of immunization form must be signed by your physician; if there is a religious exemption the Certificate of Immunization form must be signed by a parent.

### **Managing Allergies**

Allergies can be life threatening. The risk of accidental exposure and ingestion can be reduced in the school setting when staff works with students, parents, and physicians to minimize risks and provide a safe educational environment for students with allergies. A family with a child with allergies should:

- Notify the school nurse of the child's allergies.
- Work with the school team to develop a plan that accommodates the child's needs throughout the school.
- Provide written medical documentation, instructions, and medications as directed by a physician.
- Educate the child in the self-management of their allergy.
- Review policies/procedures with the school staff, child's physician, and the child.

All classroom snacks and celebration foods must be commercially prepared and labeled. Homemade items are not allowed during the school day.

If a student is believed to be having an allergic reaction and experiencing anaphylaxis during school hours, any school nurse or other designated school personnel may administer an epinephrine auto-injector to that student. Please see RCAS District Policy JHCDB for additional information.

### **Temporary Exclusion from the School Setting**

RCAS follows the SD DOH Recommendations for Temporary Exclusion from a School Setting:

<https://doh.sd.gov/diseases/assets/SchoolExclusion.pdf>

RCAS excludes your child from school until their fever has been absent for 24 hours in an unmedicated state. RCAS excludes your child from school for vomiting 2 or more times during the previous 24 hours or for vomiting accompanied with a fever and/or diarrhea. No exclusion is required for a brief, non-repeating episode of vomiting with no other signs of illness.

Please keep your student home if you answer yes to one or more of the following questions:

1. Does your student's illness keep them from comfortably taking part in activities?
2. Does your ill student need more care than the staff can give without affecting the health and safety of other children?
3. Could other students get sick from being near your child?

Please consult the school nurse for specific interpretations of the guidelines.

### **Head Lice Procedure**

Students diagnosed with live head lice do not need to be sent home early from school. Upon recognizing live lice, a parent/guardian will be notified. The student can go home at the end of the day, be treated, and return to class after appropriate and effective treatment has begun. If the student has not received effective treatment and returns to school, the student will be sent home. A school nurse may complete a head check upon return to

school following lice treatment. Nits may be visible after treatment, but successful treatment should kill crawling lice. The parent/guardian should continue to comb out nits.

The burden of unnecessary absenteeism to the students and families far outweighs the risks associated with head lice. Head lice can be a nuisance but has not been shown to spread disease. Personal hygiene or cleanliness in the home or school has nothing to do with getting head lice.

Classroom screenings for head lice have not been proven to have a significant effect on the incidence of head lice in a school community over time. Such classroom screenings are often inaccurate, not cost-effective, and notification to others may be a breach of confidentiality. Thus, it is more effective or helpful for the school nurse or other trained person to check students' heads if they are demonstrating symptoms. Itching is the most common symptom of head lice infestation. Other symptoms may include tickling feeling or sensation of something moving in the hair, irritability and sleepiness, and sores on the head caused by scratching.

It is encouraged that RCAS families reach out to their school nurse for information about head lice, strategies for the treatment of lice, the identification of lice/nits and education about effective prevention measures.

## **Medication Procedures**

For the safety of all students all prescription medications must be delivered and retrieved by an adult. Medication should not be transported on the school bus. Please see RCAS District Policy JHCD for additional information.

All students requiring any medications must have a medication administration form filled out and signed by a parent or guardian. Medication Forms are available online through skyward family access, in your school office, or the medication administration form included in this handbook. The form is valid for the current school year only. It is necessary to notify the school's office immediately if a prescription is discontinued or modified. Any changes in medication dosage or time will require a new form. Each medication requires a separate form.

Refill of the prescription shall be the responsibility of the parent or guardian. Medication must be brought to school in the original container which is labeled with the medication name, student's name, and dosage, and will be kept in a locked, safe place in the office. This policy applies to all medication at school including temporary or "over the counter" drugs such as cough medications, acetaminophen and ibuprofen. If you have any questions, call your school's health office.

## **Medical Treatments (Accident/Injury)**

Serious injuries may include but are not limited to symptoms of shock, excessive bleeding, head, or back injury with or without loss of consciousness, inability to move limbs and other situations deemed urgent. In case of an emergency situation, 911 may be notified and a parent or guardian will be contacted. If a parent or guardian is not available, a relative, neighbor or friend whose name appears on the Student Directory will be contacted. If no one is available, 911 will be called. When medical attention is needed immediately, emergency personnel will be called first. The parent/guardian will be called next. The child's family is financially responsible for the ALL emergency and non-emergency treatment including ambulance transport.

If you do not wish to have the above procedure followed, a written plan must be shared with the school.

**Health Educational Programs**

During the school year, the school nurses present many educational programs. Topics may include child abuse, prevention, hygiene, menstruation and maturation and other health lessons. You may not be notified about each program, but you may contact your school nurse to preview the materials.

**Health Screening Programs**

RCAS health screening programs may include vision, dental, height, weight, body mass index (BMI), and blood pressure. You may not be notified about each screening, but if you have any questions about screenings, please contact your school nurse for more information.

**Hearing Conservation Program**

As part of the Hearing Conservation Program, K-3rd grade students, students new to the district and those with a history of hearing loss will be hearing screened. If your child has difficulty passing the hearing screen, you will be contacted for further testing. The Audiology Department is located at the Jefferson Building, (605)394-1813.

**Insurance – Dental/Casualty**

Student accident insurance and dental accident insurance are available through companies the district works with. Applications for these insurance plans can be found online at [www.rcas.org](http://www.rcas.org). If you fail to receive these insurance forms, please contact the principal's office.

**Physical Education/Recess Participation**

If your child's participation in physical education/recess is to be limited, please notify the school, in writing. If limitation is longer than three days, a physician's note is required. If your child does go to your doctor, bring the doctor's note/excuse to return to school. Any questions may be referred to your school nurse.

Medication not picked up by the parent/guardian will be destroyed at the end of the school year. If a parent/guardian is unable to transport medication to and from school, the school nurse must be contacted regarding alternate arrangements.

I absolve the school personnel of all responsibility for any unforeseen development/reaction due to the administration of the above-named medication. I hereby give consent for the school nurse to communicate with my student's prescribing provider as needed regarding this medication.

## **Parent/School Partnership**

### **Skyward Family Access**

We encourage parents and students to download the Skyward app on cell phones or smart devices. This service provides parents/guardians/students access to up-to-the minute information about attendance, class schedules, nutrition service, discipline, grades, teacher emails, and update your contact information. For details see Skyward Family Access on the Parent Resources page which is under the Parent dropdown tab on our district website. For login information and if you need further assistance please contact your school directly.

### **Community Use of School Facilities**

Other than for RCAS functions and RCAS-related events (e.g., open house, back to school night, parent conferencing, class plays and musicals, etc.), persons (including RCAS employees) or organizations who desire to use facilities will apply for permission to use school facilities. All their requests will be processed according to Rapid City Area Schools District Use of School Facilities Policy KG and Procedure KG-P.

Please see Facility Use on the district's website under Community for the procedures and the on-line application. Applications must be processed through the Office of Buildings and Grounds. Their phone number is (605) 394-4045.

### **How to Get Involved**

It is easy to become involved in the Rapid City Schools! Express your interest, offer your help, and, when contacted respond eagerly and positively. Involved parents inspire and motivate students. Your example may be the best teacher of all.

Each school has a policy of encouraging parent/community involvement. Elementary schools have an organized parent group (PTA-Parent Teacher Association or PTO-Parent Teacher Organization); or in the case of middle and senior high schools, a SCIC-School/Community Improvement Council. Contact your school to find out when the parent group meets. Active participation is welcomed.

Establishing a relationship of good communication with your child's teacher is a bonus for everyone. There are also a number of ways parents can assist the teacher in the classroom. Please check with the office to see how you can help.

Without exception, there are doors open to you. Your opinions, insights, and suggestions are important to us.

Please do choose to become involved! We will all benefit!

### **What Parents Can Do to Support Their Student**

- Insist on your student's prompt and regular attendance at school.
- Encourage and help your student to give proper attention to health, personal cleanliness, and neatness of dress. Students should dress appropriately for weather conditions. Set acceptable home standards.
- Provide a place for study and homework. Be available to help and encourage your student to complete assigned tasks at school.
- Insist that your student bring home any communications from school.
- Encourage your student to take part in school activities and activities provided within the community.
- Emphasize the importance of completing tasks at school and the importance of listening and following directions of teachers and other adults at school.
- Insist that your student follow school rules. If your student is involved in an infraction, help him/her to face the problem and resolve it. Students must be held accountable for their actions; for what they say and for what they do.
- Take an active part in parent-teacher activities.
- Emphasize the importance of the educational opportunities that will be provided for them. If you have a comment, concern, or suggestion, please contact the teacher or principal.

## **Parent/Non-Parent Volunteers**

Parent and non-parent volunteers are needed by the classroom teachers for various activities during the school term. Please let your child's teacher know if you would be willing to serve as a room parent or do volunteer work. Volunteers must complete the screening and training facilitated by the District Volunteer Coordinator. All volunteer names will be submitted to the Board of Education to be approved for coverage of the district's workman's compensation program.

## **Birth Certificate Requirement**

All students who are entering the Rapid City Area Schools for the first time must present a certified copy of a birth certificate. The elementary school will make a copy of the original document to be included with the child's school records. State statute requires a certified copy of your child's birth certificate for school records. A certified copy of a birth record may be obtained from the South Dakota Department of Health, Vital Records Office, 207 E. Missouri Ave. Suite 1A, Pierre, South Dakota 57501. Anyone having questions concerning birth records may also call the Vital Records Office at (605)773-4961. That is also the number to call to find the address of the appropriate office in any other state to obtain birth records. That office maintains a directory for all states. Birth records may also be obtained from the Register of Deeds in the South Dakota County of birth.

## **Assignment of Students to Schools**

The Board of Education has the legal authority to determine which school a child will attend. Generally, students will be required to attend school in the attendance area in which they reside, unless special permission has been granted by the superintendent or designee.

The Board will make every effort to maintain class sizes which promote efficient and effective learning. Classes exceeding maximums will be adjusted by requiring new enrollees to attend the nearest school that has available space.

## **Open Enrollment Requests**

The District will accept all students who are legal residents of another South Dakota district that wish to enroll, provided the District's facilities are able to accommodate the students without adversely affecting the quality of the educational program.

The following standards will be used to accept or reject applications for open enrollment in the Rapid City Area School District:

Open Enrollment applications will be approved on a space available basis at the time the request is considered.

Class size, program capacity, and building capacity restrictions are necessary in order to allow room in schools for students who may move into the attendance area. The approval of an Open Enrollment application is subject to the criteria listed below.

Student to Teacher Ratio – The ratios listed for grade level student to teacher ratios are for Open Enrollment application purposes only. Actual class sizes may be above these ratios because of students living in the assigned school attendance area.

- Kindergarten through grade three: The average student to teacher ratio shall not exceed 25 students in a grade level as a result of open enrollment.
- Grades four through five: The average student to teacher ratio shall not exceed 30 students in a grade level as a result of open enrollment.
- Grades six through eight: The average student to teacher ratio or classes may not exceed 30 students as a result of open enrollment.
- Grades nine through twelve: Acceptance is based on the school's ability to provide a schedule that meets the individual student's specific course needs.

Building and/or Program Capacity. An open enrollment transfer may not cause a building or program to exceed capacity.

Program capacity is based on the type of program.

Special Education resource and related service programs will be closed to open enrollment if students cannot be accommodated at current staffing levels or the building is at capacity.

If a requested building is at capacity, the parent/guardian may request the opportunity to be assigned to a building that has capacity for additional students.

The determination of whether the District's facilities can accommodate a particular student will be determined solely by the District.

Open Enrollments may only take place prior to the last Friday in September during the first semester of any school year, and prior to the last Friday in January during the second semester of any school year. For applications approved after the first deadline, the open enrollment will occur at the start of the second semester, or after the second deadline, at the start of the following school year. Exceptions apply if:

- A. A student is seeking to open enroll to an alternative school or specialized nonpublic education program;
- B. A student enrolls in the school district after the deadline in either semester; or
- C. The receiving school district school board or designee determines that special circumstances exist and allows a student to open enroll after the deadline.

The Rapid City Area Schools Office of Educational Services will begin accepting applications for the following school year no sooner than the second Monday in January.

At the time students apply for open enrollment, they will be assigned to attend a succeeding middle or high school that is within the feeder system. The district reserves the right to assign a particular feeder school path based on whether space is available. Once approved, open enrolled students are considered the same as personal transfer students and if they wish to attend a school other than the assigned feeder school must apply for a personal transfer along with all other resident students who request personal transfers. All policies and procedures that apply to a resident student on a personal transfer will then apply to open enrolled students.

Applications will be reviewed in the order received.

- A. The application must be approved by the board of education before the student can attend the "choice" school. An exception to this would be if the student were living in Rapid City and moved to another school district during the school year.
- B. If a special education child wants to transfer to the Rapid City Area School District through the open enrollment program, a joint placement committee and the IEP team of the receiving building and sending district will determine whether the district can provide an appropriate program.
- C. Once approved by the non-resident district, the applicant's intent to enroll obligates the student to attend school in the receiving non-resident district unless the two boards' of education agree in writing to allow a student to return to the original district or if the parent, guardian or student changes residence to another district.
- D. If a bona fide change of residence occurs, the parents, guardian or emancipated student may apply for enrollment in a non-resident district or non-assigned attendance center.

Parents applying for open enrollment must file the South Dakota Open Enrollment Application in the Office of Educational Services. Any misrepresentation of information by a non-resident dependent, discovered before or after the acceptance process or while the student is in attendance, shall result in immediate revocation of that student's enrollment status in the district. The district shall review the applications in the order received in the Office of Educational Services. The Office of Educational Services will notify open enrollment applicants of the acceptance or rejection of said application.

### **Student Personal Transfer Requests**

[District Code: JECC](#)

The parent/guardian of a student may request a personal transfer to a school other than the student's resident attendance center through the personal transfer process. If a student at any grade level is District Assigned due to being on an IEP or a LAP they are not eligible to request a personal transfer at any grade level. District-provided transportation is not available for students on a personal transfer and is the responsibility of the parent.

Personal transfer requests must be filed with the Assistant Superintendent of Educational Services. Personal transfer requests may be submitted for the following school year beginning March 1 through May 1.

Rapid City Area Schools staff members who have filed an application will be processed first. All other applications will be reviewed in the order received.

These requests will be accepted or rejected prior to the first day of school. Requests made after the week of summer registration will be assigned upon verification of building enrollment and according to the priority of the assignment section of the policy.

At the elementary level, once a student is enrolled in a non-resident attendance center, the enrollment will continue unless a bona fide change of residence occurs, a student is moved to another school to accommodate class size, or a subsequent transfer application is approved. A request for transfer of an elementary student will be considered for approval where class size permits additional enrollment. Personal transfer students may be moved to another school at any time to make room for students who reside in that attendance area. Students enrolled under the personal transfer provisions will be moved under those circumstances on a "last in, first out" order.

If an elementary student is District Assigned due to being on an IEP or a LAP they are not eligible to request a personal transfer at any grade level.

### **Registration/Withdrawal from School**

Students enrolling in school must be accompanied by a parent or guardian and provide:

- Birth certificate if enrolling in the Rapid City Area Schools for the first time.
- Immunization records.
- Transcript of grades and withdrawal forms from previous school.
- Court orders of placement if applicable.
- Proof of residency.

Arrangements to withdraw from school are to be initiated in the Office. In order to withdraw from school, students will obtain a withdrawal form stating why they are leaving. The withdrawal form requires the signature of the student, parent, teachers, and a member of the library staff.

## **Model Notification of Rights under the Protection of Pupil Rights Amendment (PPRA)**

US Code Title 20, Chapter 31, Subchapter III, Part 4, Subsection 1232h (20 USC 1232h: Protection of pupil rights)

PPRA affords parents certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

Consent before students are required to submit to a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED)–

1. Political affiliations or beliefs of the student or student's parent;
2. Mental or psychological problems or aspects of the student or the student's family;
3. Sex behavior or attitudes of the student or the student's family;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of other individuals with whom respondents have close family relationships;

1. Any other protected information survey, regardless of funding;
2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; \*and
3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

\*RCAS Note: The written consent of the parent or guardian shall be obtained by the District specifically for the particular examination or screening that is being conducted. (<https://uscode.house.gov/>)

i.e. **Definition: (B) Invasive physical examination** - The term "invasive physical examination" means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

### Inspect, upon request and before administration or use –

1. Protected information surveys of students;
2. Testing and survey instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
3. Instructional material used as part of the educational curriculum. These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law.

The Rapid City Area Schools will develop and adopt policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The Rapid City Area Schools will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. The Rapid City Area Schools will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. The Rapid City Area Schools will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and will be provided an opportunity to

opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this requirement:

- Collection, disclosure, or use of personal information for marketing, sales, or other distribution.
- Administration of any protected information survey not funded in whole or in part by ED.
- Any non-emergency, invasive physical examination or screening as described above.

## **General Information/School Rules**

### **Age Requirement for Entrance to Kindergarten and First Grade**

To enter kindergarten, state law requires that a child must be five years old on or before September 1. A certified birth certificate will be required upon registration for kindergarten.

To be eligible for first grade, a child must be six years old on or before September 1.

### **Student Attendance**

[District Code: JED](#)

The Rapid City Area School District recognizes that students, parents/guardians, teachers, and administrators each have responsibilities to meet the attendance objectives of this district. The attendance policy supports state statute and is intended as an aid in keeping students in school. A student enrolled in the Rapid City Area School District 51-4 must attend classes regularly every day school is in session until the completion of the school term as described in District Policy JE.

### **Student Responsibility**

Students are required to be in school every day.

In the event a student is absent, the student or parent/guardian is responsible for contacting his/her teacher(s) to obtain make-up work. The student must complete that work within the designated amount of time.

A student must attend school for the entire school day in order to participate in any school-sponsored activity conducted on that day. The principal/designee may grant an exception to this limitation if extenuating circumstances exist.

If a child is tardy 90 minutes or more, they will be marked absent for one half day. This will include excused tardies for medical appointments.

### **Parent/Guardian Responsibility**

Parents/guardians are required to send students to school every day.

Because of the concerns regarding the safety of each student, parents/guardians are to contact the school as soon as possible, but no later than 9:30am of the day the student is absent.

When the parent/guardian fails to contact the school on the day of the student's absence, and the school is unable to contact the parent /guardian, the guardian is required to verify either verbally or through written communication the reason for the absence within 24 hours of the student's return to class. An unverified absence will be considered an unexcused absence.

In the event a student is absent, the student or parent/guardian is responsible for contacting the classroom teacher(s) to obtain make-up work and to complete that work within the designated amount of time.

### **Teacher Responsibility**

At the beginning of each semester, or whenever a new course begins, the teacher will distribute the criteria and explain the basis upon which grade and credit for the class will be awarded. Grades will not be lowered as punishment for lack of attendance, though class participation may be a part of the grading criteria.

Teachers are responsible for taking attendance and informing the attendance office personnel of students who are absent from class.

Teachers are expected to emphasize the importance of good attendance in order to experience success in class.

Teachers are responsible for providing assignments and make-up work in a timely manner and setting expectations for completion.

### **Administrator Responsibility**

The district will be responsible for establishing attendance procedures and for informing students and parents/guardians of these requirements at the beginning of each school year.

It is the responsibility of school officials to have accurate records of student schedules.

The principal/designee will maintain cumulative attendance records for each student and inform student/parent/guardian of attendance data at each midterm and semester.

The principal and designated attendance team will provide the appropriate intervention strategies as listed under “Intervention Strategies and Other Assistance” as it pertains to improving a student’s attendance.

If a student is absent for three (3) or more consecutive days, office personnel will assist with acquiring assignments.

### **Excused Absences**

The District retains the right to deem an absence excused or unexcused. Medical or other verification may be requested before the absence is deemed excused. The following guidelines may be accepted as valid reasons for a student to be excused:

1. Personal and family illness.
2. Emergencies.
3. Leaves of educational value.
4. Family leave (e.g. family weddings, funerals and preapproved vacations [limited]).
5. South Dakota Department of Health recommendations for temporary exclusion from a school setting.

A parent/guardian must contact the school verbally or in writing to seek to excuse the student’s absence from school. This excuse needs to be shared with the school prior to or on the day of the absence, or within one (1) full school day of a student’s return to school. School work missed must be made up.

Students needing to be excused for appointments must have a written note or phone call from the parent to the school in order to be released. Students needing to interrupt their normal school day for appointments are expected to notify the Attendance Office when leaving and upon returning.

Students in grades K-8 who have in excess of 20 days absent for the school year, excused or unexcused, will be retained unless the attendance requirement is waived by the attendance team or the student may be required to complete a summer school program.

The attendance requirement waiver will be considered for students who have had unusual circumstances that affect their ability to attend school such as prolonged medical problems. The waiver will be considered by the attendance team composed of the principal/designee, the classroom teacher, a teacher representative, and the parent/guardian of the child. Waivers will be considered providing there is documented evidence provided by the parent/guardian of the child’s medical problems or unusual circumstances and the child is capable of succeeding at the next grade level.

### **Unexcused Absences**

A student who is on campus but not in his/her regularly scheduled class will be considered unexcused.

Any absence that is not explained by a parent/guardian within one (1) full school day of a student’s return to school will be considered unexcused.

A principal or truancy administrator will refer a student who is truant to the State’s Attorney’s Office only after the truancy procedures have been followed in the District’s Student Absences and Truancy Procedures (JED-P). In the event the welfare of the child is in question, a principal may immediately initiate contact with appropriate authorities.

The administration retains discretion in asking for medical documentation or other verification.

Students are expected to complete all assignments in accordance with teacher timelines. Students have the responsibility to complete and submit missing assignments regardless of whether the absence is excused or unexcused.

## **Elementary School Truancy Procedures**

(Please see Truancy Flowchart for a summary of these steps)

### **Truancy Definition**

“Truancy” is any absence from school, by a student under age 18, for part or all of one or more days during which the school has not been notified of the cause of the absence, or the school deems the absence unexcused. The Principal/designee reserves the right to deem an absence excused or unexcused.

When absenteeism has become detrimental to the student’s academic success and the school has been unable to engage the student/parent in an attempt to gain compulsory attendance, the principal may initiate a truancy referral.

### **Truancy Administrators**

Each school will designate and identify the school’s truancy administrator(s), or individual(s) responsible for addressing truancy issues, listed in the Truancy flowchart attached.

The principal at each elementary school will compile and analyze truancy statistics by ethnicity or race, and the number of students receiving free or reduced lunch (and other relevant factors the District chooses to include) at least once a year to determine if truancy referrals to the State’s Attorney’s Office are disproportionate.

The principal at each elementary school will prepare and provide an annual report containing statistical analyses along with any other relevant information, recommendations, or concerns to the assistant superintendent responsible for oversight of truancy matters.

Elementary school principals will provide training to staff regarding truancy policies and procedures once a semester to ensure consistent implementation and ensure timely and consistent written and oral communication to parents/guardians pursuant to these truancy procedures, and proper maintenance of the truancy files and tracking system.

The principal and designated attendance team will provide the appropriate intervention strategies as listed under “Intervention Strategies and Other Assistance” as it pertains to improving a student’s attendance.

The District will maintain a filing and tracking system for middle school truanies which may include an electronic attendance system (such as Skyward). An individual file, which may be electronic, will be created for each elementary school student who has reached the number of unexcused absences that triggers the first formal letter to the parent/guardian during an academic year, and all truancy correspondence, notes, contact logs, checklists, assessments, completed referral documentation, and other relevant truancy information will be maintained in this individual file. The student’s ethnicity or race, sex, age (date of birth), grade, and number of unexcused absences will be maintained in the individual file.

### **Communication for Daily Unexcused Absences**

For each missed class period or block, the parents/guardians will receive a phone message by an auto dialer machine stating their student has missed one or more classes or blocks that day.

### **3 Unexcused Absences**

#### Verbal Communication

After a student has incurred three cumulative days of unexcused absences within the school year, the truancy administrator will initiate verbal contact (in addition to the auto dialer contact) with the parent/guardian to resolve the attendance issue and discuss truancy intervention strategies. The school may also provide verbal

communication to the parent/guardian prior to the student acquiring three unexcused absences but is not obligated to do so.

#### Written Communication

Once a verbal attempt has been made to reach the parent/guardian following the three unexcused absences, the truancy administrator will send a formal letter notifying the parent/guardian of the following- the specific number of unexcused absences, the date of the absences, a description of the intervention strategies and other assistance available to the student/parent/guardian, and the name and contact information for the school's truancy administrator and other applicable staff. The letter will also invite the parent/guardian to contact the truancy administrator to discuss intervention strategies and other assistance if they have not spoken with the truancy administrator previously. (See Intervention Strategies and Other Assistance as outlined in this handbook.)

### **5 Unexcused Absences**

#### Verbal Communication

After a student has incurred five cumulative days of unexcused absences within the school year, the truancy administrator will initiate verbal contact (in addition to the auto dialer contact) with the parent/guardian to resolve the attendance issue and discuss further truancy intervention strategies. The school may also provide verbal communication to the parent/guardian following the three unexcused absences and before the five unexcused absences but is not obligated to do so.

#### Written Communication

Once a second verbal attempt has been made to reach the parent/guardian following the five unexcused absences, the truancy administrator will send a second formal letter notifying the parent/guardian of the following- the specific number of unexcused absences, the date of the absences, a description of the intervention strategies and other assistance available to the student/parent/guardian, and the name and contact information for the school's truancy administrator and other applicable staff. The second letter will again invite the parent/guardian to contact the truancy administrator to discuss intervention strategies if they have not done so already. The second letter will also notify the parent/guardian of the potential referral to the State's Attorney's Office.

### **8 Unexcused Absences**

#### Verbal Communication

After a student has incurred eight cumulative days of unexcused absences within the school year, the truancy administrator will initiate verbal contact with the parent/guardian **before** sending a referral to the State's Attorney's Office.

#### Written Communication

Once a third verbal attempt has been made to reach the parent/guardian following eight unexcused absences, the truancy administrator will send a third formal letter to the parent/guardian notifying them of the referral that will be made to the State's Attorney's Office. The truancy administrator will then send a truancy packet to the State's Attorney's Office.

### **Intervention Strategies and Other Assistance**

Strategies may include but are not limited to:

1. School Attendance Teams
2. Personalized Attendance Success Plan and Tracking
3. Office and/or Home Visit
4. Referral to School Social Worker
5. Referral to School Counselor
6. Referral to Homeless Coordinator
7. Referral to Title VI (Indian Education) Outreach Staff
8. Referral to Community Resources

9. Truancy Officer- if applicable
10. If early interventions are required, the designated truancy administrator may submit a referral to Student and Family Support for additional assistance.

Additional truancy resources are available at [www.rcas.org](http://www.rcas.org) under the Truancy Tab.

## **DISTANCE LEARNING/VIRTUAL LEARNING TRUANCY PROCEDURES**

When the District has initiated Distance Learning or Virtual Learning, attendance will be determined by measures of student engagement as defined by the district for the applicable period.

When the District has initiated Distance Learning or Virtual Learning, failure to participate in and/or complete activities/assignments made available to the student may constitute an absence and may be deemed as unexcused by the school or district. Unexcused absences resulting from lack of participation in distance learning or virtual learning will be considered in determining truancy and may result in a referral for further action by the court system.

### **Communication Steps:**

- I. After 5 cumulative school days when a student has not demonstrated engagement, school staff will:
  - a. Initiate verbal contact with the parent/guardian to resolve the issue.
  - b. Send a formal letter notifying the parent/guardian of the lack of engagement. The parent/guardian will be encouraged to work with school administration to discuss intervention strategies and other assistance
- II. After 10 cumulative school days when a student has not demonstrated engagement, school staff will:
  - a. Initiate follow-up contact with the parent/guardian indicating intent of referral to the State's Attorney's Office
  - b. If intervention strategies are unsuccessful, the principal or his/her designee will refer the student to the State's Attorney's Office with a notice sent to the parent/guardian.

## **Bicycles and Safety**

If parents approve, students may ride their bicycles to school but, because it is not possible to provide supervision of the grounds at all times, the school cannot assume responsibility for the bicycles. Due to the lack of supervision, we also suggest that each of the bikes be locked in some fashion. This is, however, no guarantee that a bike will not be removed. There is to be no bicycle riding/skateboards, skates, or rollerblades on the playground or on school campus.

We strongly recommend that the primary (Grades K-2) students not ride their bicycles to school alone.

## **Cell Phones and Other Portable Electronic Devices**

All electronic communication devices including cell phones may not be used in the building and must be powered off and placed in backpack or locker unless use is authorized by administration or by the classroom teacher for educational purposes. The use of any electronic device in committing other offenses will be dealt with according to the discipline matrix for that offense, i.e., harassment, transmission of inappropriate materials, academic dishonesty, etc.

Students that must make a phone call must use the office phone.

All other portable electronic devices, such as I-Pods, MP3 players, smart watches, tablets/I-Pads, games, cameras (unless used for educational purposes) are prohibited. Consequences will be as stated in the discipline matrix in located on the RCAS.org website under the Student Handbook Section.

## **Computer Use/Access**

The Rapid City Area School District offers computer/network access to students/staff for educational purposes in various instructional activities. The Rapid City Area Public Schools invites any parent to inform schools in writing if there is an objection to their child using the Internet with these activities. This document contains the Acceptable Use Policy JFCK for the use of the Rapid City Area Schools' network.

### **Section 1 (Technology Misuse)**

The district computer/network resources are to be used for educational purposes only. The term "educational purposes" includes classroom activities, career development, and limited high-quality self-discovery activities.

1. Internet access has not been established as a public access service or a public forum. The RCAS District has the right to place reasonable restrictions on the material you access or post through the system. You are also expected to follow the rules set forth in RCAS District Policy JFC (Student Conduct) and the law in your use of the Internet.
2. You will not use district resources for personal gain. You will not post personal contact information about yourself or other people. Personal contact information includes name, address, telephone, school address, work address, etc.
3. Users are expressly denied access to certain Internet forums, discussion groups, Usenet newsgroups, chat rooms, list servers, websites and/or home pages, etc. that contain or address materials that could be construed as offensive. In addition, such addresses may not be "bookmarked," hot-listed or otherwise included in individual user directories. If you mistakenly access inappropriate information, you should immediately tell your teacher or another RCAS District employee. This will protect you against a claim that you have intentionally violated this policy.
4. Copyright of a work produced by a student using district facilities shall reside with the originator. When there is more than one originator, the ownership of each originator's contribution shall be considered separately.
5. You will not copy software or download/install software unless under direct instruction from district staff. You will not download/install/use peer-to-peer file share applications or create peer-to-peer file sharing on the district network.

### **Section 2 (Technology Misuse)**

1. You will not attempt to gain unauthorized access to the Internet or any computer/network system or attempt to break any passwords to go beyond your authorized access. You will not share district-provided passwords or security codes with other people. You will not probe any computer/network

systems for security weaknesses or use resources to capture network traffic or data, either from within or without the district network.

2. You will not make deliberate attempts to disrupt any computer/network system or to manipulate or destroy data by any means, including computer viruses.
3. You will not use the Internet to engage in any other illegal act, such as arranging for a drug sale or the purchase of alcohol, engaging in criminal or gang activity, threatening the safety of a person or persons, etc.
4. You will not use or post obscene, profane, lewd, vulgar, rude, inflammatory, threatening, or disrespectful language in public messages, private messages, and/or material posted on Web pages.
5. You will not use a false identity when sending/receiving messages.

The RCAS District will not be responsible for any damage you may suffer, including but not limited to loss of data or interruptions of service. The RCAS District is not responsible for the accuracy or quality of information obtained through or stored on the system. The RCAS District will not be responsible for financial obligations arising through the unauthorized use of the system.

Computer/network communications and storage areas are to be used for educational purposes only and are not private. District staff may review files and communications to ensure that RCAS systems are being used responsibly.

Failure to comply with any of the above terms and conditions shall result in disciplinary action and may become subject to legal action, either civil or criminal, as appropriate.

## **Dress Expectations**

We realize parents and students are subjected to numerous advertising pressures in terms of dress and grooming. To assist you in your student's grooming decisions and the purchasing of appropriate school clothing, Rapid City Area Schools has established the following dress and grooming standards. In keeping with our College and Career Readiness goals, we expect RCAS students to dress for success.

### Dress & Grooming – Standards:

Dress and grooming on a school location in the following manner is prohibited:

- Wearing clothing that includes words or pictures which are obscene, vulgar, abusive, discriminatory or which promote or advertise alcohol, chemicals, tobacco or any product that is illegal for use by minors.
- Wearing clothing and other items or grooming in a manner that represents and or promotes threat/hate groups including gangs or supremacist groups.
- Wearing clothing or grooming in a manner that is sexually explicit or disruptive.
  - Students are expected to wear shirts, pants, dresses, skirts, shorts, sweatpants, or leggings that do not inappropriately expose undergarments or the body.
- Wearing any headgear or trench coats in the building during the school day without permission from the school administration.
- Wearing of clothing or grooming that is potentially disruptive to the education process or that poses a threat to the health and safety of others: chains and spikes that have the potential to be used to harm others.
- Shoes are required by state law.

To encourage student respect for an educational environment, students shall maintain a reasonable standard of cleanliness and good personal hygiene, as well as, maintaining an appearance and wearing of apparel that is not disruptive to the educational process. Questionable apparel will be brought to the attention of the administration. An administrator may request a change in attire when a student's dress is not appropriate.

## **Lost and Found Articles**

All articles that are found should be left in the office or in a box near the office. If your child has lost an item, he/she should check there first. Students finding articles are also asked to bring them to the office or place them

in the “lost and found” box. Items that remain here at the end of the school year will be sent to the Salvation Army or some other organization.

### **Marking Personal Items**

In order to avoid a few problems of identification, it is recommended that children’s lunch boxes and clothing, such as jackets, coats, caps, sweaters, and overshoes, be marked so that identification is possible in case of a loss or mix up. Such marking should not be made on the outside so anyone can see it. Students should not bring toys or electronic devices to school.

### **Money**

When money is being brought to the school, please enclose it in an envelope labeled with your child’s name, room number, and purpose. Children should be discouraged from bringing extra money to school. Students are **not** allowed to loan or give money to other children, nor are they permitted to trade or sell items to other students.

### **Moving**

Please inform the school in advance if you anticipate a move to another school. This will ensure that the proper transfer forms will be ready on the day the student leaves.

### **Pictures**

The Rapid City Area Schools arrange for students to have their pictures taken each year. Proper notification will be sent home by the school. Money for the pictures is paid directly to the photographer at the time the picture is taken. If there is a concern, contact the school. However, the photo company makes the decision on retakes and reimbursements for unhappy customers.

### **Student Arrival and Recess During Cold Weather**

Due to the geography and topography of our district, we experience different weather patterns within the separate regions of our attendance boundaries—making it a challenge to have a consistent district-wide approach for weather-related precautions. Schools consistently monitor the weather forecast and make adjustments when needed before and during school days. Our general guidelines related to student arrival and recess during cold weather follows:

- When sustained outdoor temperatures are below zero with wind chill, students are brought inside our buildings before school as soon as we have staff available to supervise them. Students should not be dropped off earlier than 15 minutes before the start of school.
- For elementary school recess, we also use the sustained outdoor temperature below zero guideline. We believe students need time to get outside and exercise, and we use common sense when making these decisions. The decision is ultimately up to each school within the guidelines.
- Please have your child dress for inclement weather. A cap, coat, mittens/gloves and proper footwear are necessary. It does not hurt to leave a cap and gloves in their backpack at all times.

### **School Supply List**

Parents will be provided with a suggested supply list by prior to the beginning of the school year.

### **Student Records/FERPA**

All parents and guardians of students under the age of 18 and all students 18 years or older have the right pursuant to the Family Education Rights and Privacy Act (FERPA) of 1974 to examine the official records, files, and data of the school district directly relating to the student. They also have the right to challenge any of the contents of said records to ensure their accuracy and fairness. Procedures for such examination and challenge, including hearings on a challenge, shall be established by the Board of Education and be made available on request.

Records are released and maintained in compliance with the Family Education Rights and Privacy Act of 1974 and subsequent amendments to FERPA.

FERPA and Rapid City Area Schools District Policy JO dictate that student records may be released without the prior consent and notification of the student and/or parent/guardian under the age of 18 in the following circumstances:

- The teachers and officials of this school district who have a legitimate education interest in such information.
- There has been a federal request for submission of student records in connection with the student's application for financial aid and/or military purposes. (Opt-out notification: If you, as parents wish to "opt out" of the release of information to the military, please come to the school's Guidance Office for a form to sign.)
- Requests from federal, state, county or local agencies having legitimate interests in the student's records and having the power of judicial order or subpoena.
- Other schools in which the student is enrolling or seeks to enroll.
- In an emergency situation when the student or parents cannot be reached, the principal or superintendent may at their discretion release information as needed for the health and/or safety of individuals.
- Contractors, consultants, volunteers or other parties to whom the Rapid City Area Schools has outsourced certain services and functions.

No staff member shall remove a cumulative file from campus without prior written permission from an administrator.

No staff member is allowed to release student information to the press. Professional courtesy requires that staff members do not discuss student behavior or achievement in public. The District will occasionally release to the public certain directory type information which may include a student's name, address, telephone listing, weight and height, date and place of birth, photograph/images, major field of study, dates of attendance, academic and extracurricular awards, distinctions, and participation. This information may appear in the form of news releases to news media, school publications, school video conferencing systems, and printed programs of officially recognized activities and sports. However, parents/guardians may provide written notification to the Rapid City Area Public Schools not to release directory type information.

The District's policies restrict individually identifiable information of students from being published on the district website or the educational cable TV channel. Occasionally students may be involved in educational activities for creating video or web projects that may be shared with the public via the district website or the educational cable TV channel. These projects may include group photos or first names (no individual photos or last names would be published without permission). Parents/guardians may provide written notification to the Rapid City Area Public Schools not to use group photos or student projects involving their child on the district website or the educational cable TV channel.

This information may appear in the form of news releases to news media, school publications, and printed programs of officially recognized activities and sports. The Rapid City Area Schools invites any parent or adult student to inform them if there is an objection to the release of any or all of the above designated information.

## **Visitors**

School policy is to welcome adult visitors who have legitimate business at school. Guests and visitors must register at the office. Parents are always welcome. Visitors are expected to leave promptly when their business is completed. Students not enrolled are not permitted on campus or to visit classes. See Policy KK

## **Memorials**

[District Code: JFFA](#)

The Rapid City Area School District recognizes that memorials established upon school district property must be proposed, reviewed, and adopted cognizant of concepts of equality, proper concern for all students, staff and community members, appropriateness of memorials, and best usage of available property. A memorial should "do no harm". Memorial or gathering sites should be physically and emotionally safe for students, staff, and

community members. The Superintendent or their designee reserves the right to accept or deny any memorial request.

## Emergency/Safety Procedures

All necessary precautions will be taken to guard the safety and well-being of students and staff during any emergency situation.

Each school has an emergency plan and lockdown procedures that will be followed as needed. ALICE drills will be conducted periodically.

An Accessibility Contingency Plan is available at each school site for students with disabilities; it includes persons responsible for implementing the plan in the event of an emergency and/or emergency evacuation.

Assistance to individuals with disabilities may include:

- **Transportations** – School personnel will be responsible to get individuals to safe shelter and will contact parents/guardians in case of an emergency.
- **Medications** – School personnel will ensure the student's medications and medical supplies will be available in the event of an emergency which may require them to be in a shelter.
- **Communication** – Assigned school personnel will be with the student to keep them calm.

## Emergency Plans

Advance planning for emergencies and disasters is essential to provide for the safety of students and staff; it also strengthens morale of all concerned to know that preparedness plans exist and that students and staff have been trained in carrying out plan.

The superintendent will develop and maintain a process to ensure that all buildings maintain a Crisis Plan document containing emergency plans that meet the requirements for preparedness in case of fire, civil emergencies, natural disasters and other emergency situations. The Assistant Superintendent for Administrative Services will annually ensure that all building personnel have the appropriate plan in place. The Buildings and Grounds Manager will ensure accurate record keeping showing dates and times of drills conducted are in place as well as report compliance regularly to the Facilities Committee. See policy EBC.

## RCAS Inclement Weather Criteria and Process

When determining if schools should stay open in extreme winter weather, the safety of students and staff is our priority. The decision to close school is a serious one. While cold temperatures, winter snowstorms, and icy conditions do present challenges, the Rapid City Area Schools aims to keep schools open whenever possible.

Prior to and during a bout of winter weather, we monitor up-to-date reports on road conditions, current weather conditions, transportation capability, the status of our buildings and the weather forecast from the National Weather Service. We will keep schools open if these reports indicate we can safely transport children, have students walk to school, and open and operate our buildings.

If reports show substantial challenges, we may decide to implement a late start or close school. Parents and guardians will be notified as soon as possible if it is determined that a late start or a full closure is necessary. The local news outlets and the district's website and social media accounts will also post emergency closure information.

In making this decision to close school, district officials rely on the National Weather Service's warning system and windchill charts. If the National Weather Service issues a "windchill warning" stating that exposed skin can become frostbitten in less than 15 minutes, then the district will likely decide to close or call a late start

depending on the forecast. If a wind chill advisory is in effect, students who are properly dressed for the weather should be able to walk to school or wait for the bus without risking frostbite.

We trust parents to make the ultimate call when it comes to their child's safety. Not all streets are plowed at the same time, and snow totals may differ from one area of our district boundaries to another. If you do not think it is safe to send or take your kids to school during inclement weather, it is the parent's choice to keep them home.

# **Student Discipline**

## **Discipline Guidelines**

Every student and employee of Rapid City Area Schools 51-4 is entitled to learn and work in a safe school environment. To ensure this, the district and each school have established clear student discipline policies, consequences appropriate with the behavior and a practice to do so consistently.

Students are expected to behave in accordance with federal, state and local laws and rules, district and school policies and regulations, and in a way that respects the rights and safety of others. Staff will take corrective action to discipline a student and/or to modify a student's behavior when a student's behavior does not fall within the guidelines.

The following are district-wide guidelines. These guidelines and the potential consequences apply at any time a district student is present on a district school location. Listed are the violations and the recommended consequences for first, second and third offenses. The infractions and consequences may be modified or disregarded if circumstances require mitigation or exceptions.

## **School-wide PBIS**

School-wide positive behavior intervention and supports (SW-PBIS) is a system of tools and strategies for defining, teaching, acknowledging appropriate behavior and correcting inappropriate behavior. It is a framework for creating customized school systems that support student outcomes and academic success. SW-PBIS is for the whole school, it is proactive, preventative, and it changes the paradigm of focus from negative behaviors and exchanges to positive expectations and interactions.

There are four main elements in SW-PBIS:

- Customized practices to support student behavior, such as; defining and teaching appropriate behavior expectations.
- Systems of support for educators in the school; such as school-wide behavioral expectations, indicators, and coaching
- Data-based decision making, which is the corner stone of the behavior problem-solving process
- The combination of these elements will enable school-wide outcomes, which promote social proficiency and academic success.

We are currently using "trauma-informed" approach. Trauma informed approach focuses on building relationships/connections, creating a calm-environment, self-regulation, safety, and structure. For more information <https://consciousdiscipline.com/>

## **Corporal Punishment**

Corporal punishment is defined as the intentional use of physical force upon a student for any alleged offense or behavior or the use of physical force in an attempt to modify the behavior, thoughts, or attitudes of a student.

The use of corporal punishment in any form is strictly prohibited in the public schools. No student will be subject to the infliction of corporal punishment by any teacher, other student, administrator, or other school personnel.

Physical restraint or contact by a staff member as described in Policy JGB may, however, be used in the following situations:

- To break up a fight;
- To knock a weapon away from a student's possession;
- To calm or comfort;
- To assist a student in completing a task/response if the student does not resist the contact;
- To prevent an impulsive behavior that threatens the student's immediate safety (i.e. running in front of a car).

## **Citizenship/Personal Management**

Any conduct out of the ordinary that is disruptive to the educational process is unacceptable. Inappropriate vocal outbursts, arguments, name-calling, profanity, improper sign language and gestures or threats will not be tolerated. Students will address all staff members, visitors, and each other with respect. Public displays of affection are not permitted on campus. Students are to show consideration for others at all times.

## **Restraint and Seclusion**

[District Code: JGB](#)

The Rapid City Area Schools promote positive interactions and interventions for potential conflict to enhance academic and social behavioral outcomes for all students. In the event that an individual's behavior presents a threat of imminent harm to self or others, the use of approved physical intervention or seclusion strategies to maintain a safe environment may be used. For the complete Restraint and Seclusion Policy, refer to District Code JGB.

If a student has intentionally brought a firearm onto school premises, the expulsion shall be for not less than one year. The superintendent or the superintendent's designees may modify a firearm-related expulsion on a case-by-case basis.

## **Bullying Policy**

[District Code: JGC](#)

### **I. Purpose**

The purpose of this policy is to maintain a constructive, safe school climate that is conducive to student learning and fosters an environment in which all students are treated with respect and dignity. Bullying is prohibited by Rapid City Area Schools. Staff and students are expected to behave in accordance with federal, state, local laws, district policies, and in a way that respects the rights and safety of others. Bullying, like other violent or disruptive behavior, is conduct that interferes with students' ability to learn and teachers' ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, remediate, and discipline those acts of bullying which have not been successfully prevented.

### **II. General Statement of Policy**

- A. The policy of the school district is to acknowledge that persistent bullying can severely inhibit a student's ability to learn and may have lasting, negative effects on a student's life.
- B. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, school district property, bus stops, at school-related functions or activities, or on school transportation.
- C. The bullying of students by students, staff or third parties shall be a violation of this policy, is strictly prohibited, and shall not be tolerated.
- D. This policy applies not only to students, staff, or third parties who directly engage in an act of bullying, but also to students, staff, or third parties who, by their indirect behavior, condone or support another students , staff members, or third party's act of bullying.
- E. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs:
  - 1. The mission or operations of the school district;
  - 2. the safety or welfare of the student or other students;
  - 3. materially and substantially interferes with a student's educational opportunities;
  - 4. performance or ability to participate in school functions and activities; or
  - 5. receive school benefits, services, or privileges.
- F. No teacher, administrator, volunteer, contractor, third party, or other employee of the school district shall permit, condone, or tolerate bullying. Retaliation against a bullying victim, good faith reporter, or a witness of bullying is prohibited.
- G. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources when the activity interferes with the learning environment.
- H. The school district will act to investigate all complaints of bullying reported to the district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

### **III. Definitions**

- A. Bullying is a pattern of repeated conduct that causes physical hurt or psychological distress on one or more students that may include threats, intimidation, stalking, physical violence, theft, destruction of property, any threatening use of data or computer software, written or verbal communication, or conduct directed against a student that:
  - 1. Places a student in reasonable fear of harm to his or her person or damage to his or her property; and either;
  - 2. Substantially interferes with a student's educational performance; or
  - 3. Substantially disrupts the orderly operation of a school.
  - 4. Includes retaliation against a student for asserting or alleging an act of bullying.
- B. Stalking is defined as:
  - 1. Willfully, maliciously, and repeatedly following another person
  - 2. Making a credible threat to another person with the intent to place that person in reasonable fear of death or great bodily injury; or
  - 3. Willfully, maliciously, and repeatedly harassing another person by means of any verbal, electronic, digital media, mechanical, telegraphic, or written communication.
- C. Cyberbullying includes transmission of information over the internet or other forms of electronic communications on, computers, tablets, cell phones, or other devices, and will not be tolerated. This includes, but is not limited to, harassing, teasing, intimidating, threatening or terrorizing another person by sending or posting inappropriate and/or hurtful emails, text messages, pictures or images, website postings, blogs, or any form of social media. Pursuant to SDCL 13-32-18, neither the physical location nor the time of day of any incident involving the use of computers or other electronic devices is a defense to any disciplinary action taken by a school district for conduct determined to meet the definition of bullying in § 13-32-15.

### **IV. Reporting Procedures**

- A. Any staff member or other adult entrusted with the care of students within a school who observes or suspects bullying toward another individual is required to report the issue to his or her building supervisor or designee. As outlined in SDCL 13-32-17 any school district employee, school volunteer, student, or parent who promptly reports in good faith an act of bullying to the appropriate school district official as designated in the school district's policy, and who makes the report in compliance with the provisions of the school district's policy is immune from any cause of action for damages arising from failure to remedy the reported incident.
- B. Any student that observes or suspects bullying behaviors is required to report the issue to the principal and/or the principal's designee(s) responsible for receiving complaints alleging violation of this policy and alleged bullying ([See JGC-P for reporting procedure.](#)). If the observed or suspected bullying originates from the principal and/or principal's designee, bullying should be reported to the office of Human Resources. Students should follow school procedures as described in student handbooks to report incidents of suspected bullying.  
There is an online reporting option at: <https://tinyurl.com/RCASBullyingReport>

### **V. Dissemination of Policy and Training**

- A. This policy is in effect while students are on property within the jurisdiction of the board of education; while students are in school-owned or school-operated vehicles; while students are at school bus stops; while students are attending or engaged in school-sponsored activities; and while students are away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the student or the district. The district expects students to conduct themselves in a manner in keeping with their levels of development, maturity and demonstrated capabilities with proper regard for the rights and welfare of other students and staff.
- B. The district will act to investigate all complaints (formal or informal, verbal or written) of bullying. The district requires that the principal and/or the principal's designee at each school to be responsible for receiving complaints alleging violation of this policy and alleged bullying. All students, parents, employees or other visitors are required to report alleged violations or alleged bullying to the school principal or the principal's designee. The principal or the principal's designee will be charged with the responsibility

for investigating all complaints alleging bullying and will be responsible for determining whether an alleged act constitutes bullying and a violation of this policy.

If, after an investigation, a student is found to be involved in bullying in violation of this policy, the student shall be disciplined by appropriate measures up to and including student suspension and/or expulsion as defined by district policy.

This policy shall not be interpreted to prohibit civil exchange of opinions or debate protected under the state or federal constitutions where the opinion expressed does not otherwise materially or substantially disrupt the education process or intrude upon the rights of others.

- C. This policy shall appear in student handbooks for elementary, middle and high school students and related district publications.

## **Student Chemical Abuse**

[District Code: JFCHA-P](#)

The following Rapid City School District procedures are to be followed in case of student chemical use/abuse. On a day-to-day basis, situations occur which constitute possible student chemical use and/or abuse and require direct action by building staff.

- A. Working with the student who appears to be under the influence of a chemical or controlled substance during the school day and/or at any school sponsored activity.
- B. Any student whose appearance and behavior seems inappropriate (i.e. nervousness, restlessness, dilated pupils, extreme exhilaration, extreme depression) shall be sent to the principal's office with an adult escort if necessary. In the event that the teacher/staff cannot direct the student to the office, they shall immediately inform the school administration, or designee, about the symptoms which they have observed. The transfer of a student from the classroom to the school office shall be handled as tactfully as possible. The administrator shall then determine the appropriate course of action.

Building principals have several obligations concerning these situations:

- A. To review chemical use/abuse policy and operational procedures with staff before school starts in the fall of each year.
- B. To assure that all staff including new staff hired during the year is alerted to signs and/or behaviors that indicate immediate or long-term chemical use/abuse and that they receive training on reporting procedures.
- C. To designate specific staff members to whom suspected chemical use/abuse situations are to be reported.
- D. To assure that the suspected chemical use/abuse situation is brought to the attention of the student's parent/guardian(s).
- E. To assure that students using chemicals receive the support and appropriate referral for help

It is the policy of the Rapid City Area Schools that the use of illicit drugs and the unlawful use of drugs and alcohol are wrong and harmful. Current Board of Education Policies clearly prohibit the unlawful possession,

use or distribution of illicit drugs and alcohol on school premises, or as a part of any school activity. Violation of Board Policies could result in suspension or possible expulsion from school.

A consultation with parents and/or student is to be held by the principal or designee and should include discussion of the student's behavior as well as possible referral for assessment or treatment. A list of local referral agencies that provide evaluation and/or treatment is to be made available to the parents, if appropriate.

When cooperation is lacking to the point that parental efforts are not adequate to alleviate the student chemical abuse, the principal will consider the reporting of child neglect to the office of the State's Attorney.

*\*NOTE: If a situation occurs wherein the behavior of a student under chemical influence is immediately threatening self or others, police authorities may be called to deal with the matter. Parents should be contacted as soon as possible and informed of the action taken.*

See district code JFC.

## **School Threat Assessment Report (S.T.A.R) Protocol**

Mission Statement: The purpose behind this protocol is to provide a mechanism to assure that threats of violence in a school environment are addressed whenever possible, before they occur. The process necessarily

involves a variety of elements, ranging from student, parent, teacher, staff member and administration involvement to law enforcement and other criminal justice participation. The protocol is designed specifically for those violence issues that affect schools and the students who attend those schools. It is intended to identify credible threats of violence and address those threats and the individual making the threat before the threat is carried out. NOTE: This protocol is applicable during any school sponsored event or function, whether the event or function is on school property or not.

#### General Information

- A. A STAR Assessment is appropriate when there is a potential threat to inflict death or serious bodily harm directed toward the school, or an individual while they are at school, or a school sponsored event and is reported to school administration or law enforcement.
- B. Not all acts of targeted violence include expressed threats toward the speaker's intended target. A STAR Assessment is also appropriate if information is obtained or developed that indicates a concern of targeted violence toward the school. Specific threats are not a necessary condition to initiate an inquiry.
- C. SRO's should be part of a school building interdisciplinary team to develop a fuller picture of the circumstances from different perspectives. Based on the circumstances of the threat, the team may be as small as the SRO, Principal, School or Department Psychologist, Counselors, Teachers, Paraprofessionals, Coaches and other school personnel. The interdisciplinary team work together to complete the STAR Assessment with information they have access to or personally know to help determine credibility and risk level of the threat.
- D. Information from law enforcement and the school may be shared in accordance with FERPA, state law and the standing 7th Circuit Court Order allowing such sharing.

It is essential that any student, parent/guardian, staff member or school administrator assume that any threat is serious enough to report it immediately to the appropriate authorities and cooperate in providing a statement of information regarding the threat. Once the information has been gathered and assessed, the School Resource Officer and school administrator shall convene and determine options for follow-up action. The actions may include several consequences ranging from a warning to suspension/expulsion and arrest. Specific procedures regarding the STAR protocol are available in the principal's office.

#### School Resource Officer

The Pennington County Sheriff's Office, in cooperation with the Rapid City Police Department and the Rapid City Area Schools, provide specially trained School Resource Officers to various schools within the respective jurisdictions for the purpose of providing assistance to the schools' administrators and parents, instruction to students, diversions of students within the juvenile justice system, investigation of criminal activity, and dealing with other police matters concerning the schools or students. The primary role of the School Resource program is to prevent juvenile delinquency, but it is directed toward understanding and guidance rather than detention and correction.

#### Discipline Matrix ([Link](#))

(Note: The Elementary School Discipline Matrix is located on the [www.rcas.org](http://www.rcas.org) website under the Student Conduct Section.)

The intent of the Discipline Matrix is to support students and help them to understand the importance of contributing to a positive school community. Rapid City Area Schools has taken steps with Discipline Matrix revisions to reduce the punitive nature of consequences and create an approach that allows for students to remain in school and learn from their mistakes. The approach to addressing student discipline issues within the Discipline Matrix will allow for administrators to utilize the existing Positive Behavior Intervention and Supports (PBIS) framework and provide restorative practices rather than punitive measures in many student misconduct instances. While the overall approach is restorative, instances exist that require disciplinary actions that will be consequence-based when serious offenses occur regarding student safety and when students engage in illegal activity, as described in the following section (Applying the District-Wide Rules). Throughout the school year, additional restorative practices will be explored and added in support of providing students with opportunities to learn and contribute positively to the school climate.

Denial of service is typically accomplished by flooding the targeted machine or resource with superfluous requests in an attempt to overload systems and prevent some or all legitimate requests from being fulfilled. In a distributed denial-of-service attack (DDoS attack), the incoming traffic flooding the victim originates from many different sources. This effectively makes it impossible to stop the attack simply by blocking a single source. A DoS or DDoS attack is analogous to a group of people crowding the entry door of a shop, making it hard for legitimate customers to enter, thus disrupting trade. This attack is often considered illegal in nature.
