

Dear Parents/Guardians of Current Freshman (Class of 2024):

The registration process for high school is very important, as it determines your child's schedule and the master schedule for the 2021-2022 school year. Stevens High School staff will visit freshman seminar and computer application classes to provide registration materials and assist students as they make decisions on the courses they will take next school year.

In 10th grade, students will learn more about careers offered in their chosen academy through a year-long academy introductory course. The academy introductory courses are as follows:

- Introduction to Business, Entrepreneurship & Hospitality
- Introduction to Construction and Technical Trades
- Introduction to Human Services and Education
- Introduction to Science and Engineering
- Introduction to Computer Arts and Sciences
- Introduction to Health Services
- Introduction to Agriculture, Food and Natural Resources.

After 10th grade, students are given the opportunity to transition to an alternative academy selection if their first academy was deemed as not a good fit or interest.

We have prepared an informational registration video that will provide valuable information. To watch the video, click [here](#) (use Google Chrome and sign-in to your Google account). Please watch the short video clip and communicate with your child about his/her 2021-2022 Stevens 10 grade course selections. In addition to the video, we have prepared a registration course selection sheet (attached) that students will complete.

Your child will watch the video in his/her freshman seminar or computer application class on February 8, 9. Students will also receive registration materials at that time. In the video, students are directed to complete the course selection sheet and communicate with their parents about their chosen courses. After completing the course selection sheet, students will turn the sheet back into their freshman seminar or computer application teacher no later than February 11. On February 16, 17, Stevens High School counselors will return to the classrooms and assist students in entering their 2021-2022 course selections into Skyward. Students will use the course selection sheet when working with counselors; therefore, it is important your child completes the sheet and turns it into his/her freshman seminar or computer application teacher.

Summary

- February 8, 9 – Students watch registration informational video and receive registration course selection sheet.
- February 11- Students turn in completed course selection sheet to freshman seminar or computer applications teacher.
- February 16, 17 - Stevens counselors visit freshman seminar and computer application classrooms to assist with entering course selections in Skyward.
- View the attachments to assist your child in the registration process (video link and course selection sheet).

We look forward to working with you and your child during the registration process.

Sincerely,

A handwritten signature in cursive script that reads "Jocelyn Hafner".

Jocelyn Hafner
