

Dear Parents/Guardians of Current Sophomores (Class of 2023):

The registration process for high school is very important, as it determines your child's schedule and the master schedule for the 2021-2022 school year. Stevens High School staff will visit English 10 classes to provide registration materials and assist students as they make decisions on the courses they will take next school year.

We have prepared an informational registration video that will provide valuable information. To watch the video, click [here](#) (use Google Chrome and sign-in to your Google account). Please watch the short video clip and communicate with your child about his/her 2021-2022 Stevens grade 11 course selections. In addition to the video, we have prepared a registration course selection sheet (attached) that students will complete.

Your child will watch the video in English 10 class on February 10, 11. Students will also receive registration materials at that time. In the video, students are directed to complete the course selection sheet and communicate with their parents about their chosen courses. After completing the course selection sheet, students will turn the sheet back into their English 10 teacher no later than February 18. On February 22, 23, Stevens High School counselors will return to the classrooms and assist students in entering their 2021-2022 course selections into Skyward. Students will use the course selection sheet when working with counselors; therefore, it is important your child completes the sheet and turns it into his/her English 10 teacher.
