February 15, 2021

Dear Parents/Guardians of Incoming Freshmen (Class of 2025):

The staff at Stevens High School would like to welcome you. We look forward to working with you in the upcoming years as your child progresses through high school preparing for high school graduation and postsecondary pursuits.

To begin the registration process for the 2021-2022 school year, your child will receive registration materials and watch a planning and course selection video in his/her Enrichment class at Southwest Middle School or period 5 class at West Middle School on February 22. The registration materials include the following: 2021-2022 Freshman Academy Guidebook, activity pamphlet (extracurricular opportunities), and course selection sheet. A link to the registration materials and the planning and course selection video is located on the Stevens High School website (<https://stevens.rcas.org/>) under "Our School."

The planning and course selection video will direct students to complete the course selection sheet and communicate their chosen courses with their parents. Please review the materials with your child, as it is important for you both to understand educational opportunities, pathways, academies, registration process and graduation requirements of South Dakota and the Rapid City Area Schools. Students need to turn in their completed course selection sheet to their Southwest Enrichment teacher or West Middle School period 5 teacher by February 25.

During the week of March 1, Stevens High School counselors will return to the middle school classrooms and assist students in entering their 2021-2022 course selections into Skyward. Students will use the course selection sheet when working with counselors to ensure they accurately select classes.

Summary

- February 22: Students receive registration materials and watch the planning and course selection video.
- February 25: Students turn in their completed course selection sheet to their Southwest Enrichment teacher or period 5 West Middle School teacher.
- Week of March 1: Stevens counselors visit Southwest Enrichment classrooms and West Middle School period 5 classrooms to assist with entering course selections in Skyward.

We look forward to working with you and your child during the 2021-2022 school year.

Sincerely,

Jocelyn Hafner
Stevens High School Principal
