# 5 Capstone Experience Options

## Entrepreneurial Experience

Entrepreneurship Experience provides students with the opportunity to develop the skills needed to establish a business. Through hands-on projects, students gain skills to be successful in the workplace.

## Senior Experience

Senior Experience is based on a personal proposal that requires students to demonstrate not only what they know but what they can do. Students will be expected to create a plan of action that incorporates the following four elements: a product, research component, portfolio, and presentation .

## Service Learning

Service Learning utilizes a flexible method of teaching and learning that applies academic and real-world skills to create meaningful youth led experiences with community partnerships. The goal of service learning is to empower youth to become engaged in their personal, social, and working lives.

## Youth Apprenticeship

Youth Apprenticeship helps students gain work experience while earning a wage with a registered sponsor in conjunction with the SD Department of Labor. An apprenticeship is designed for students to acquire hands-on job skills in a specific occupational area.

## Youth Internship

Youth internships allow students to gain authentic, real-world experience in business and industry. Students' interests, strengths, and chosen career clusters/pathways determine the internship experience(s).
