5 Capstone Experience Options

Youth Internship

Youth internships allow students to gain authentic, real-world experience in business and industry. Students' interests, strengths, and chosen career clusters/pathways determine the internship experience(s).

Entrepreneurial Experience

Entrepreneurship Experience provides students with the opportunity to develop the skills needed to establish a business. Through hands-on projects, students gain skills to be successful in the workplace.

Senior Experience

Senior Experience is based on a personal proposal that requires students to demonstrate not only what they know but what they can do. Students will be expected to create a plan of action that incorporates the following four elements: a product, research component, portfolio, and presentation .

Service Learning

Service Learning utilizes a flexible method of teaching and learning that applies academic and real-world skills to create meaningful youth led experiences with community partnerships. The goal of service learning is to empower youth to become engaged in their personal, social, and working lives.

Youth Apprenticeship

Youth Apprenticeship helps students gain work experience while earning a wage with a registered sponsor in conjunction with the SD Department of Labor. An apprenticeship is designed for students to acquire hands-on job skills in a specific occupational area.
